## *Message from the President: Blues & BBQ tonight*

What a great Fourth of July weekend we had. The weather cooperated two out of the three days and Saturday wasn't so bad after all. I have struggled to find the right word for Saturday night and finally settled on AWESOME! While I cannot officially endorse nor condone the use of fireworks, you guys ROCK!

We have a great season of events lined up for the summer. We are trying something new this year, pairing food trucks with our bands. We kick off our first dance tonight with Blues and BBQ. Eran Troy Danner promises to rock the house with his brand of blues and what goes better with blues

than BBQ? Let us know if you like this pairing as we have three more dance/food truck events this summer. I think I will be missing one of the highlights of the year tonight as my fire department is marching in the Unionville parade, a commitment I cannot ignore. But I want to hear from you: make me jealous, make me sad, it's what the blues is all about.

Please join us for our next Town Hall meeting at 10 a.m. on Saturday July 18 at the pavilion. The board wants to hear from you in an informal setting. For those who attended the last Town Hall, we are still working our way through the list. We heard you loud and

clear and want to hear more.

Don't miss Halloween in July, Saturday night, July 18, starting at 7 p.m. Let your inner child out and compete for the best costume and best scarecrow. Call Linda or Fran: see their notice about this exciting event. Make a memory to send to me (see last week's message).

Please walk facing traffic. Our roads are narrow and drivers simply might not see you. It is easier for you to step aside as it can take a driver more than 300 feet to react and stop. As the song goes, teach your children well.

Be safe and have fun!

- Bob Sudell

## *Public safety update: Will you be found in an emergency?*

If you have an emergency at your cottage, will help be able to find you? This was the concern expressed by Rich Harmon, one of our own first responders, at our June meeting. Firefighters, police and emergency medical responders lose precious minutes if your home doesn't prominently display its house number, and in fact, East Haddam requires num-

bers to be affixed to all residential and business dwellings. Their regulations state, in part:

- Numbers shall be Arabic block-style, not italic or Roman numerals
- Numbers shall be of a color that contrasts clearly with the background to which they are affixed and may be of a reflective material.

- Numbers shall be a minimum of four inches in height when affixed on buildings. Numbers affixed to mailboxes or signposts shall be a minimum of three inches in height.
- Numbers shall be securely affixed to the front of the building or other fixed appurtenance, so as to be clearly visible from the access street.

## *Halloween in July returns to the lake on July 18; come dressed and bring candy*

We are bringing back one of Lake Hayward's favorite events, Halloween in July, from 7-11 p.m. on July 18.

"Summerween" as one smart boy said.

Everyone, adults and kids can come dressed in your best Halloween attire and be prepared for fun, dancing and things that go bump in the night. Bring down a bag of

- Costume contest for the adults. Get those costumes ready now.

- Best scarecrow contest. Help decorate the beach and maybe scare the geese away.

- Halloween trivia. What do you know about this holiday?

- Candy corn guessing game.

- Raffles.

## Free library stationed at First Beach Pavilion thanks to Girl Scout Troop 10691

You might have noticed a recent inclusion to the First Beach area in the form of a "Little Free Library." A Little Free Library is a wooden box that looks like an oversized

birdhouse. This one is painted blue and orange. People can take books in and out from the library for free, providing literature for people who enjoy reading and

might not have access to a larger library. This addition was made by Girl Scout Troop 10691 member Sidney Bennett for her Silver Award Project.

## *Lake Hayward Memories: Bob Sudell starts us off with the first in a series*

### By Bob Sudell

One of my favorite memories is a recent one that occurred the night of the annual Second Beach Pot Luck. We had guests staying until Sunday, so we all prepared something for the pot luck. We were expecting friends from Vermont to arrive Sunday afternoon, but knew they were planning on camping Saturday at a nearby campground.

The night of the pot luck, it rained. I mean, it really poured. I mean, as Hilton would say, “a real gullywhomper.” Well, we had our own pot luck in our garage. We thought about our friends from Vermont

## LAKE HAYWARD MEMORIES

and wondered how they were holding up.

No sooner had one of us voiced the thought than our phone rang. Now, I grew up with Bill, and I knew he would never admit defeat. So it was with great surprise that his wife called to ask if they could stay with us Saturday night. It seems they arrived just as the rain began. They weren't concerned as they thought they would just set up the tents and hunker down. It did

not go well.

In fact, it rained so hard that the ladies went to McDonald's to stay dry while the men set up the campground. Soon, the men joined the ladies. It seems the most important part of the tents – the poles – were still in Vermont.

The call was placed, could they stay with us? Of course they could, the more the merrier.

We made room at the table and found room on the floor. It was one of the best weekends ever. Whoever said “A full home is a happy home” is absolutely right!

## *Lake Quality Improvement Committee: Meeting set on watershed management*

**What's a Lake & Watershed Management Plan (LWMP)?**

**Does Lake Hayward need a LWMP?**

**What does it mean to me?**

**How can I have input to the LWMP?**

All good questions and glad you asked. At the Town Hall Meeting at 10 a.m. on Saturday, July 18, you will get answers to the above questions and much more. The Lake & Watershed Management Plan portion of the meeting will be open to all Lake Hayward residents (east side and west side) since protection of the lake is critically

important and a responsibility of all of us.

So come learn about the Lake and Watershed Management Plan for Lake Hayward that is under development by the Lake Quality Improvement Committee (LQIC).

Your participation is encouraged to learn about this important long-range initiative for Lake Hayward, learn about threats facing the lake and to offer your perspectives and ideas on the plan and dealing with these issues and threats. Hearing your comments is critical to development of a well-thought-out plan.

Conducting the meeting will be members

of LQIC alongside limnologist Rick Canavan, Ph.D, of CME Associates. Canavan has worked with LQIC in the preliminary stages of plan development. The plan outline, which can be found on the POALH website ([http://www.lakehaywardct.com/docs/lakeplan\\_2015.pdf](http://www.lakehaywardct.com/docs/lakeplan_2015.pdf)), is a product of the work performed to date by Rick and LQIC. You are encouraged to review it in advance of the July 18 Town Hall. Please attend if you can. It is a great opportunity for your voice to be heard as we discuss the future of Lake Hayward.

## *Goodspeed summer music series continues Mondays*

All free concerts are held on Monday nights from 6:30-8:30 p.m. at the green of the Goodspeed Opera House. If it rains, the concerts will be moved to the Hale-Ray High School Auditorium (please call the Recreation Office 860-873-5058, check [www.easthaddamrec.com](http://www.easthaddamrec.com) or their Facebook page if weather is questionable).

Great food and drinks will be available to purchase at the Gelston House or bring a

picnic dinner. Free parking is available in the Goodspeed Opera House parking lot, behind the Gelston House with additional parking and a shuttle bus from Eagle Landing in Haddam if needed.

All children under the age of 16 must be accompanied by an adult. No dogs, smoking, vendors or soliciting at the concerts and no parking on residential streets are allowed.

## *Change for Arts & Crafts*

This week, we will make scarecrows that the kids can enter into the scarecrow contest at our Halloween in July event.

Please bring an old pair of pants, long sleeve shirt and plain pillowcase. We will have on hand hay to stuff your scarecrow, twine, fabric paint to decorate the pillowcase head, and straw hats. Moms and dads, please plan on helping your younger kids with this craft. Bring your scarecrow to Halloween in July on Saturday, July 18 and win a great prize.

### *Garden for the lake community: Riparian buffer gardens and rain gardens*

Did you know we have a specially designed riparian garden at Lake Hayward? It is at Second Beach and was a project spearheaded by the Eightmile River Wild & Scenic Watershed collaborating with the Connecticut River Coastal Conservation District and the Lake Hayward Garden Club.

The garden designer, Kathy Connolly, will be speaking at a **special POALH event** on Saturday, July 25, from 10 a.m. to noon at

the First Beach Pavilion. Kathy is a master landscape designer, educator and speaker. You can learn more about her on her web site <http://www.speakingoflandscapes.com>. A riparian buffer is a vegetated area along the side of a stream, pond or lake. It can be a garden bed or simply a naturally vegetated area. These prevent erosion and slow and filter storm water runoff as well as make life difficult for the geese that prefer short grass.

#### **What is a rain garden?**

A rain garden is not at the water's edge like a riparian garden, but is where rainwater runs across properties and can eventually drain into the lake. It is a garden in the shape of a flat-bottomed bowl that uses stones, soil, mulch and plants to slow down the flow of water. It can be a great help with

## *Be sure to hang parking permits on your cars and display boat stickers*

### **By Bonnie Sudell**

Your 2015 Spring Packet contained four (4) hang-tag design Parking Permits for your family and guests. Please hang off your rear-view mirror so that they are visible through your windshield. These permits replace all previous permits, including separate guest passes, and are the only permits that will be accepted when you park on Association property. It is your responsibility to inform guests and/or renters of the need to display these permits when on Association property. It is your responsibility to ensure that Parking Permits are returned to your prop-

erty by guests and/or renters. The POALH assumes no responsibility for vehicles that do not display the current permit.

Please do not confront anyone who is not in compliance.

### **Watercraft**

Watercraft on Association property should display both your lake address and a green boat registration sticker. Racks are available on a first-come, first-serve basis. Please place lighter watercraft (i.e. kayaks, aluminum canoes) on the upper racks as a courtesy to those with heavier boats. Please do not

leave watercraft on the grass as it kills the grass and makes lawn maintenance difficult.

Make note of the make, model and serial number of your watercraft and keep it in a safe place.

You will need this information to identify your watercraft in case of theft.

Please lock your watercraft. The POALH is not responsible for theft or damage to watercraft on Association property.

Registration stickers are available by contacting POALH treasurer Lee Griffin.

rainwater runoff problems on your property. When designing one of these gardens, it is helpful to know how much runoff needs to be handled, what type of soil you have (sandy soil requires less garden depth than clay or silty soil), and the slope of the problem area.

These factors will help you determine the depth and size of the garden to be most effective. It can be any size, but is more effective if it is sized based on the steepness of the slope and the flow of water runoff.

There are specific equations to determine size online. One good publication is "New

Hampshire Homeowner's Guide to Storm-water Management Do-It-Yourself Storm-water Solutions".

The lake's east side property owners and other East Haddam lake residents are also invited. Please remember your parking hangtag if you drive.

## **HALLOWEEN IN JULY**

DJ BRANDI 7:00 PM

### **Halloween in July!**

“Summerween” as one smart boy said. Everyone, adults and kids, come dressed in your best Halloween attire and be prepared for fun, dancing and things that go bump in the night. Bring down a bag of candy or treats for the children’s Trick or Treat...make them do a trick for you and reward the little goblins.

We will have games and contests for young and old:

- Costume contest for the adults
- Best made scarecrow contest
- Trivia
- Candy corn guessing game
- Raffles

Have some Halloween fun with us and then dance the night away with DJ Brandi.

Ideas, questions, call Linda 860-917-0613 or Fran 860-537-1988.
