

WAIVER: Goose Management Activity

Nutmeg Farm, LLC, under contract with Property Owners Association of Lake Hayward (POALH), searches for nesting sites of Canadian Geese during the months of March through May. On finding nests, the eggs are 'addled', or rendered infertile, resulting in failed hatching. Nest searches are conducted using kayaks, with entry onto property if a nest is suspected and/or found.

By signing this Waiver, you are agreeing to allow Nutmeg Farm, LLC, to walk onto your property for the sole purpose of performing this work during the months of March through May.

This Waiver will remain in permanent effect every year, unless and until you notify in writing the Board Secretary of the Property Owners Association of Lake Hayward (POALH) of your desire to rescind permission as created by this Waiver, or until the sale of your property, whichever comes first.

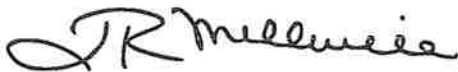

Nutmeg Farm, LLC., (the Contractor) agrees to indemnify and hold harmless the Property Owner named in this agreement from any and all loss, liability or damage incident to claims related to or arising in connection with bodily injury, illness, damage to or loss of property of the Contractor or the Contractor's employees, subcontractors or invitees, arising out of or resulting from their performance of duties under their contract or agreement with the Property Owners Association of Lake Hayward (POALH).

The Property Owner agrees to hold harmless Property Owners Association of Lake Hayward (POALH) and Nutmeg Farm, LLC., (The Contractor), its employees, subcontractors or invitees, from any and all loss, liability or damage incident to claims related to or arising in connection with damage to property, other than real property (structures), arising out of or resulting from their performance of duties under their contract or agreement with the Property Owners Association of Lake Hayward (POALH).
